We sincerely appreciate and recognize the many individuals, families, foundations, volunteers and corporate partners who have shared their generous support. You are helping children and youth in our community to discover, develop and achieve their full potential. Gifts for the fiscal year April 1, 2013 to March 31, 2014 to support the Boys and Girls Club of London are gratefully acknowledged below:

Remembering Don Smith

In July 2013, the Club sadly said good bye to its “Godfather”. Through the generous support of educational programs, scholarships, fundraising, Club renovations and construction projects, Don and his family have left a lasting legacy with the children and youth at the Boys and Girls Club of London. His kindness, generosity and support has touched many lives, and will not be forgotten.

because everybody starts small
The Boys and Girls Club of London Foundation continues to play an important role in supporting the operations of the Boys and Girls Club of London and ensuring that children and youth have the opportunity to be empowered and to achieve their goals.

We want to thank the Boys and Girls Club of London Board members who provide leadership, guidance and expertise. Also, thank you to our well-qualified and hardworking staff who continue to demonstrate passion and commitment on a daily basis.

Together, the Foundation works with the Club to provide affordable programs and services to children, youth, families and seniors. What unites these efforts is the belief that we need to provide young people with opportunities to participate in recreation and sports leagues, receive a healthy meal, be part of a social program and be supported in reaching their educational goals. The Foundation believes that investing in people at an early age will help better our community. Last year the Foundation provided a grant of $347,664 to help fund programs at the Club. The Foundation also plays an important role in supporting seniors through the Horton Street Seniors’ Centre and the senior’s transit program.

With such a large and regularly used facility we have been proactive in making improvements to the building so that we can continue to provide quality programs. Our fund development plan will provide a road map so that we can build momentum as we begin to plan to recognize the Club’s 60th year. Ongoing engagement, stewardship of donors and, in particular the development of committees such as the Resource Development Advisory Committee, Special Events Committee and Planned Giving Committee have provided the important fund development structure for us to move forward. New special events were added this year such as the Race for Kids which will only get bigger as we move forward.

All of our programs continue to be popular with donors and, in particular the education program. With as many as 157 students taking part in the M.A.P. program, the Foundation’s investment in education is having an obvious benefit. We are now seeing those who were M.A.P. participants graduating from post-program, the Foundation’s investment in education is having an obvious benefit.

Foundation investments this fiscal year have included improvements to the roof as well as the installation of a security gate system for the main entrance to allow for the monitoring of traffic within the facility. Two new busses have been purchased for the senior’s transit program and investments have also been made in upgrading several program rooms as well as the gym.

The Foundation continues to focus on strategic investment management and fundraising through individual donations, bequests and planned giving, corporate support, funding grants and special events in order to provide support to the Club through an annual sustaining grant.

The Boys and Girls Club of London Foundation

March 31, 2014

FINANCIAL STATEMENTS SUMMARY

March 31, 2014

Foundation investments this fiscal year have included improvements to the roof as well as the installation of a security gate system for the main entrance to allow for the monitoring of traffic within the facility. Two new busses have been purchased for the senior’s transit program and investments have also been made in upgrading several program rooms as well as the gym.

The accompanying financial statements summarize have been prepared in accordance with Canadian accounting standards for not-for-profit organizations, with the exception of the exclusion of the statement of cash flows, statement of changes in net assets and related notes to the financial statements. The complete set of financial statements with audit report dated July 18, 2014, can be obtained from the Finance Office of the Boys and Girls Club of London.
